

Please support this bill that would prohibit the Malloy administration from punishing students, parents, teachers and taxpayers when parents utilize their inalienable right to opt their children out of the unfair, inappropriate and discriminatory Common Core SBAC) testing.

House Bill 5555 would prevent the Malloy administration from using SBAC and the New SAT participation rates as part of the state's absurd School Accountability System.

I who believe in public education;

I believe that our schools are spending too much time on standardized testing and test prep; I believe our children need and deserve a comprehensive education and not one driven by testing; I who believe that teaching should be done by teachers and not by for-profit software companies I who believe in a parent's right to make decisions on what is best for their child

I am a 25 year teacher and parent.

Please support this bill 5555
